

## DEVELOPMENT OF THE CITY CENTER WUPPERTAL-ELBERFELD

Source: Computer model by Hegger Hegger Schleiff, Kassel.

Client:	City of Wuppertal
Year:	1999 – 2000
Location:	Train Station Square Wuppertal-Elberfeld (Northrhine-Westphalia), Germany

### Brief Description:

In co-operation with the architect's office Hegger Hegger Schleiff, Kassel, Wenzel Consulting was hired for the project of developing the City Center of Wuppertal-Elberfeld

The task of Wenzel Consulting was the development of an utilization concept – in addition to retail offerings and market facilities, future plans call for a science center, a fitness and wellness center, a discotheque, various themed restaurants, offices, and a hotel – while the architects were coordinating the team and controlling the project.

### Tasks:

- Development of a Utilization Concept
- Support for Implementation Planning
